## WATER HEATERS

### Efficient Water Heating Solutions

The water heating industry offers plenty of options when it comes to water heating solutions, but there is only one true Pro Brand name. Choose American Standard; one of the most iconic brands in the plumbing industry and known the world around by industry professionals and plumbers. At **American Standard Water Heaters**, we make selecting the correct solution for your specific situation a simple process.

#### American Standard Water Heaters - Product Warranties

##### **Commercial Products**

Specifically designed to meet the demands associated with industrial or institutional requirements. All commercial water heating solutions are constructed with heavy gauge steel tanks which include additional large anode rods to extend tank life. All Commercial Water Heaters include a 3 Year Limited Tank and 1 Year Parts Warranty with an optional upgrade to a 5 Year Limited Tank and 1 Year Parts Warranty.

##### **Residential Products**

Specifically designed to meet the existing or newly constructed homeowners' requirements regardless of size, as well as the needs of manufactured homes with tighter spaces. All Residential Water Heaters include a 6 Year Limited Tank and Parts Warranty with an optional upgrade to a 12 Year Limited Tank and Parts Warranty.

**SETTING  
THE NEW  
STANDARD**

American Standard Water Heaters are constructed using a multiphase process including state of the art welding, glass lining, and environmentally safe painting process.

# RESIDENTIAL PRODUCT LINE

## RESIDENTIAL GAS

### GN - Ultra Low NOX

- Available in 30, 40 and 50 Gallon capacities in Short and Tall configurations
- Eco-Friendly Burner
- Fully SCAQMD Rule 1121 & BAAQMD Rule 10ng/J NOx Emissions compliant
- Oversized Aluminum Anode Rod
- Natural Gas / LP Gas
- Heavy Gauge Steel Tank with DURA-GLAS™ Enamel Coating
- CSA Certified - meets ANSI & Energy Efficiency requirements
- NAECA Compliant
- 6 Year Limited Tank and Parts Warranty / Optional 12 Year Upgrade Available

### RU 75-76-AS & RU 100-76-AS

- Available in 75 and 100 Gallon capacities
- 2 Heavy Duty Anode Rods
- Heavy Gauge Steel Tank with DURA-GLAS™ Enamel Coating
- Ultra Low NOx Emissions
- Natural Gas / LP Gas
- ETL Certified to meet NSF/ANSI Standards
- Universal 4" Vent size & Top Mounted 1 1/2" Water Connections
- Requires 120V Power Supply
- 6 Year Limited Tank and Parts Warranty / Optional 12 Year Upgrade Available

### GSN - Low NOx

- Available in 30, 40 and 50 Gallon capacities in Short and Tall configurations
- Natural / LP Gas
- Aluminum Anode Rod
- Heavy Gauge Steel Tank with DURA-GLAS™ Enamel Coating
- CSA Certified - meets ANSI & Energy Efficiency requirements
- NAECA Compliant
- 6 Year Limited Tank and Parts Warranty / Optional 12 Year Upgrade Available

### G-75 T2 AS & G-100 T2 AS

- 75 and 100 Gallon capacities
- Available in 76,000 and 80,000 BTU/Hr input
- Natural Gas/ LP Gas
- Heavy Gauge Steel Tank with DURA-GLAS™ Enamel Coating
- R-16 Foam Insulation
- ETL Certified to meet NSF/ANSI Standards
- Standard Gas Burner
- 6 Year Limited Tank and Parts Warranty / Optional 12 Year Upgrade Available

## Tankless Condensing

- Available in 180,000 & 199,000 BTU configurations
- 96% Efficiency Rating
- Energy Star Certified
- Flow rates up to 11 GPM
- Standardized design for indoor wall-mounted installations and ANSI A21.10.3 / CSA 4.3 certified
- Durable high end steel casing with polyester coating & stainless steel heat exchanger
- Eco Friendly – Ultra Low NOx combustion system for use with liquid propane or natural gas
- Innovative built-in safety features include gas leak detectors
- Additional features include; exhaust high temperature sensor, flame sensor, overheating shut-off system, gas leak detection sensors & water temperature sensor
- Uses 14% to 15% less energy than equipment that meets minimum federal standards
- 12 Year limited heat exchanger warranty & 5 year limited parts warranty

THE NEW  
STANDARD

## RESIDENTIAL ELECTRIC

### EN-30, /40, /50

- Available in 30, 40 and 50 Gallon capacities in High, Tall, and Short configurations
- Fully Automatic Surface Mounted Thermostat
- Non-CFC Foam Insulation
- Immersed Incoloy Heating Element
- UL Listed
- NAECA Compliant
- Heavy Gauge Steel Tank with DURA-GLAS™ Enamel Coating
- 6 Year Limited Tank and Parts Warranty / Optional 12 Year Upgrade Available

### Point of Use

- Designed for locations where long water pipes are not practical and for spaces underneath counters, mop sinks and cabinets or in other confined areas
- Available in 2.5, 6, 12 & 19 Gallon capacities
- Immersed Incoloy Heating Element
- UL Listed
- Heavy Gauge Steel Tank with DURA-GLAS™ Enamel Coating
- Commercial 3 Year Limited Tank and 1 Year Parts Warranty
- Residential 6 Year Limited Tank and Parts Warranty
- 1 Year Parts Warranty

### Heat Pump Water Heater

- Available in 50 Gallon capacity
- 260% Efficiency rating
- 2 Times more efficient than residential electric water heaters
- Certified at 300 PSI test pressure & 150 PSI working pressure. All tanks are 100% hydrostatically tested at the factory
- Magnesium Anode Rod ensures a longer tank life
- High efficiency compressor
- Proprietary enamel coated tank
- Operational Modes: Automatic, Economy, Electric & Vacation Modes
- Primary and secondary condensate drain hoses
- 10 year limited warranty on inner-glass lined tank & 10 year limited warranty on all component parts

## COMMERCIAL GAS & STORAGE TANKS

### Standard GAS Light Duty

- 75 Gallon capacity at 76,000 BTU/Hr Rating
- 100 Gallon capacity at 80,000 BTU/Hr Rating
- Natural Gas / LP Gas
- Temperature / Pressure Relief Valve
- 2 Magnesium Anode Rods
- R-16 Foam Insulation
- ETL Listed to meet NSF/ANSI Standards
- Heavy Gauge Steel Tank with DURA-GLAS™ Enamel Coating
- 4 Year Limited Tank and 1 Year Parts Warranty
- Upgradeable to a 5 Year Limited Tank Warranty

### Standard GAS Heavy Duty

- Available in 75, 80 and 100 Gallon capacities
- 12 Models ranging from 125,000 up to 512,000 BTU/Hr
- Natural / LP Gas
- Direct Spark Ignition Damper
- Magnesium Anode Rods
- Heavy Gauge Steel Tank with DURA-GLAS™ Enamel Coating
- CSA Certified - meets ANSI & Energy Efficiency requirements
- Select Models available in ASME
- 4 Year Limited Tank and 1 Year Parts Warranty
- Upgradeable to a 5 Year Limited Tank Warranty

## COMMERCIAL GAS & STORAGE TANKS

### Ultra Low NOx GAS - Light Duty

- Available in 75 and 100 Gallon capacities
- Fully SCAQMD Rule 1121 & BAAQMD Rule 10ng/J NOx Emissions compliant
- 76,000 BTU/hr Rating
- R-16 Non-CFC Foam Insulation
- 2 Magnesium Anode Rods
- Natural Gas / LP Gas
- Automatic Motorized Flue Damper
- Heavy Gauge Steel Tank with DURA-GLAS™ Enamel Coating
- ETL Listed to meet NSF/ANSI Standards
- 4 Year Limited Tank and 1 Year Parts Warranty
- Upgradeable to a 5 Year Limited Tank Warranty

### Ultra Low NOx GAS - Heavy Duty

- Available in 75, 80 and 100 Gallon capacities
- Fully SCAQMD Rule 1121 & BAAQMD Rule 10ng/J NOx Emissions compliant
- 12 Models ranging from 125,000 up to 480,000 BTU/hr Rating
- Natural Gas / LP Gas
- Magnesium Anode Rods
- Automatic Motorized Flue Damper
- Electronic Direct Spark Ignition System
- Heavy Gauge Steel Tank with DURA-GLAS™ Enamel Coating
- ETL Listed to meet NSF/ANSI Standards
- 4 Year Limited Tank and 1 Year Parts Warranty
- Upgradeable to a 5 Year Limited Tank Warranty

### High Efficiency GAS

- 75 and 100 Gallon capacities
- Available in 125,000 and 250,000 BTU/Hr Rating
- Energy Star Certified / Up to 96% Efficiency
- Exceeds SCAQMD & BAAQMD Air Quality Standards
- 3 Magnesium Anode Rods
- Natural / LP Gas
- Heavy Gauge Steel Tank with DURA-GLAS™ Enamel Coating
- ETL Listed to meet NSF/ANSI Standards
- Vents with 2" PVC pipe up to 65 equivalent feet (135' utilizing 3" pipe)
- 3 Year Limited Tank and 1 Year Parts Warranty
- Upgradeable to a 5 Year Limited Tank Warranty

### Commercial Storage Tanks

- Available in 80, 120 & 200 Gallon capacities
- Select Models available in ASME
- 2" Non-CFC Foam Insulation
- Certified 300 PSI test & 150 PSI working pressures
- 100% Hydrostatically Factory Tested
- Heavy Gauge Steel Tank with DURA-GLAS™ Enamel Coating
- UL Listed
- 2 Magnesium Anode Rods
- 5 Year Limited Tank and 1 Year Parts Warranty

## COMMERCIAL ELECTRIC

### Commercial Light Duty Electric

- Available in 30, 40, 50, 66, 80 & 120 Gallon Capacities in Low Boy and Tall configurations
- 120, 208, 240, 277 & 480 Voltages – single or 3 phase
- 30, 40 & 50 Gallon Capacities Available in Single or Three Phase in Short & Tall Configurations
- 66, 80 & 120 Gallon Capacities Available in Three Phase Tall Configurations
- Available from 3KW to 12KW
- Surface Mounted Thermostat
- Magnesium Anode Rod
- Heavy Gauge Steel Tank with DURA-GLAS™ Enamel Coating
- UL Listed
- 4 Year Limited Tank and 1 Year Parts Warranty
- Upgradeable to a 5 Year Limited Tank Warranty

### Commercial Electric

- Available in 52, 80 and 120 Gallon capacities
- Designed for point-of-use applications and high water output requirements
- Available from 6 KW to 54 KW
- 208, 240, 277 and 480 Voltages
- 2 Magnesium Anode Rods
- Heavy Gauge Steel Tank with DURA-GLAS™ Enamel Coating
- Individual Thermostats
- UL Listed
- 4 Year Limited Tank and 1 Year Parts Warranty
- Upgradeable to a 5 Year Limited Tank Warranty
